To Whom it may concern:

I am writing this introductory on behalf of Mr. Ronald Rossetti. I have known Ron personally and professionally for over thirty years. Ron has established and successfully run Northeast Seminars which aids medical and dental professionals in their continuing education for years.

His non-profit organization to help those with bipolar disorder is long overdue. If monies are available to assist Mr. Rossetti in his endeavor, please grant his request for funding. His organization will be a great help to those with bipolar disorders.

Respectfully Submitted,

James M. Ferraiolo DMD

Past President, New Hampshire Dental Society
